

La Guajira CES 2019/20

Application Deadline 24th October 2019

The Guajira stands up for the suburb. Culture, Flamenco and Self-management.

La Guajira is opting for the European Solidarity Corps as a means to present the social and artistic activity of a neighborhood in danger of social exclusion in the city of Almería (Almedina/old town/la Chanca), through the photo, audio and video documentation that shows the everyday life of the association and artists as well as the work that we have been doing since it was created seven years ago in this peculiar environment. Furthermore, the association offers a wide cultural program focused on meeting the needs of the people of the neighborhood and the city, with the aim of serving as a platform for experience exchanges and acquisition of new skills and knowledge. The volunteers will help to develop cultural activities and give support for the creation of the audiovisual archive, documenting everyday life, shows, projects, etc. For that, we look for the contribution of two volunteers during 12 months, who will be supervised by the staff of the organization, will take part of the team exchanging ideas and actively collaborating to produce them.

As a result, we hope this project will be a window that shows, from a local to an international level, the cultural wealth of the neighborhood as a tool for social change through independent cultural management. We want to influence a positive impact for the organizations involved, participants and target groups. Our cultural work is aiming to be an inspiring tool for those organizations that want to develop similar projects in the future.

DURATION: 12 months, starting end of October 2019
